

Using a soft measuring tape, measure from **(A)** at the center point of the chest, across the point of the shoulder and to the point **(B)** at the center of the tail.

When you have the measurement, remove **10cm (4inches)** and choose your horse's size from the table below.

Equine size guides

Horse Pony XL Petite

Horse Size	Measurement from A to B			C to D	
	CM	INCHES	FEET	CM	
Pony/Horse	168	66	5'6	115	
Pony/Horse	175	69	5'9	125	
Horse	183	72	6'0	130	
Horse	191	75	6'3	140	
Horse	198	78	6'6	145	
Horse	206	81	6'9	155	
Horse	213	84	7'0	160	
Horse	221	87	7'3	165	
Horse	229	90	7'6	170	

Every horse is different and that this table is a guide only. We have many different styles to suit all shapes and sizes.
